The second semester has started!

The days are still very hot. We are glad that the sports day will be held in October. Even in the second semester, we should continue to worry about heatstroke. If an alert has been issued or is likely to be issued, we will not play outside. Please be careful when playing after school.

How did you spend your summer vacation? I feel like I spent a lot of time watching TV in the room with the air conditioner because it was hot. There are many fun events in the second semester. Let's live with a goal for fun events every day. First of all, let's get back to the rhythm of school life from summer vacation.

Life Goals for September **Let's live a regular life**

We will do our best to help children quickly return to the rhythm of school life from summer vacation life.
