## Believe in your friends and push forward until the end!

We held a sports day on Saturday the 21st. There was no limit on the number of visitors, and many people visited. The children also put effort into acting and competing. Thank you for your encouragement. Since it was held at the end of October, We were able to practice with peace of mind without worrying about heatstroke. It feels like this is the only time of the year where the weather is suitable for sports days. There are many events in November as well, including school trips, bazaars, and marathons. Parents are welcome to participate as well.

At our school, there has been no major spread of infectious diseases such as coronavirus or influenza. But we can't let our guard down. We will strive to prevent infection by gargling and washing our hands thoroughly. Apparently there is a shortage of medicine. Please consider vaccination positively.

### Life Goals for November

## Enjoy the world of books

#### At school

We will teach children how to use the library and manners.

We encourage children to develop the habit of reading.

#### At home

- Read books with your children.
- Introduce your favorite books.
- Let's read together.
- Take them to the library.

### 3日 (火) Nakayoshi Group Recreation

The Nakayoshi Group is a group of siblings, each consisting of students from 1st to 6th grade. Since the children are less likely to play or do activities with children from different grades, we sometimes set up opportunities for them to play together. The activities will be led by 6th grade students. The content will be designed to be enjoyable even for younger students.

### 4日 (水) Tooth brushing instruction

3rd students received tooth brushing instruction from a dental hygienist. For the past few years, schools have not been brushing their teeth together as a preventive measure against the coronavirus. This is a good opportunity to check if you are brushing your teeth properly. Even if the children thought they had brushed their teeth, we found that there was some residue left between their teeth and on their back teeth. Teeth are important!

### 21日 (土) Sports day

We and our sports day. For the first time in four years, we have revived the ball toss, tug of war, large ball send-off, and cheering contest. All competitions were very exciting. Each grade's dance performance was excellent. The children seemed to be very satisfied with the ability to make such a great presentation in such a short practice period. We're also looking forward to next year.

### 30日 (月) First typing competition

The event was open to all children and was free to participate. Typing is still difficult for younger students. Most of the upper school students participated. There are typing practice sites online. Challenges will be given while riding on the conveyor belt sushi lane. This time, we competed to see how accurately we could type in one minute. So who came first?
