## We held our bazaar for the first time in 4 years!

In November, there were many events that the children were looking forward to, such as school trips and field trips. In particular, many parents participated in the bazaar held for the first time in four years and had a great time.

The PTA spent a long time preparing for the event. In order to hold the event for the first time in four years, there were times when we were unsure of how to prepare and proceed, and where the tools were. However, we were able to pool our knowledge and create a new bazaar.

Thank you to all the PTA, Fathers Group, youth counselors, and sports association for your cooperation!

Now, in December, We will attended school 16 times. It's the season to look back on the year. We want the children to look back on the past year and set new goals for next year.

### December Life Goals

## Let's spend quality time with everyone

#### At School

- Help them find the good in their friends.
- Form a group with various friends and do activities.
- We will set up a play meeting for each class or grade.
- Teaching "friendship and trust" in morality classes.

#### At Home

- Let's value greetings at home. "Good morning", "Thank you", "I'm going out", etc.
- Find out where the kids have grown since April and praise them.
- Create opportunities for the whole family to eat together.

### 10月31日 (火) Field trip 1 grd

The first graders went to Yume Farm for their first field trip. The children had a great time shaking fresh cream to make butter and trying their hand at milking a cow. It was also the first time for the children to eat lunch together outside. We took action with the aim of spending time together in harmony and staying healthy, and everyone was able to achieve this. It was a very fun day.

### 2日 (木) Field trip 3 grd

Although it's a bit far away, the 3rd graders went to Glicopia and the Ibaraki Prefectural Natural Museum. At Glicopia, the children observed the process of making Papico. At the end, the children received Papico souvenirs and enjoyed them. The museum had large models of dinosaurs and Ichthyosaurs on display, making it an irresistible experience for dinosaur lovers.

### 9・10日 School trip 6 grd

The 6th graders went on a school trip that they were looking forward to. Although we were worried about the children being unwell, they all had a good time over the two days. The number of visitors to Japan has increased, and everywhere was crowded with people. The children were polite and were able to follow the rules. Each group took photos with their tablets, creating many memorable scenes.

### 18日 (土) Sanrizuka Bazaar

We held a bazaar for the first time in four years. Due to rainy conditions the day before and strong winds on the day of the event, we had to change the layout of the venue on short notice. The school was filled with delicious smells from the morning, and the children were nervous. The bazaar started with the broadcast signal, but long lines had already formed in front of Yakisoba and Frankfurt. Popular stores sold out quickly.

### 22日 (水) Field trip 5 grd

The 5th graders went to Ueno, Tokyo. When they arrived at Ueno, they began their activities in groups. The final meeting place was decided, but until then they explored zoos, museums, and whatever route they wanted. I was a great experience for the 6th graders on their school trip.
