Merry Christmas & Happy New Year

The second semester, the longest of the year, has come to an end, and 2023 is coming to an end. There were 77 school days in the second semester. There will be 51 school days in the third semester. (6th graders are shorter) At the opening ceremony for the second semester, I spoke with the primary goal of "getting everyone to the closing ceremony in good spirits." This semester, all students achieved their goals and were able to celebrate the closing ceremony together. Self-restraint due to the infectious disease has almost disappeared, and school life and events can now be carried out as before. We have increased opportunities for many parents and local residents to see Sanrizuka Elementary School by eliminating admission restrictions for sports days and holding a bazaar for the first time in four years. We received many comments such as "It's great to see the children working so hard" and "lots of hard work have been put into the event." We would like to continue planning events that children can enjoy, with safety first, from next year onwards, taking into consideration the reflections and opinions of each event.

Note! As the end of the year approaches, many children are becoming unwell. "It's not the flu or coronavirus, but I'm not feeling well." It seems like there are many symptoms. At school, we are instructing children to take voluntary measures to prevent infection, such as wearing masks when necessary.

Life goals
January

Keep yourself groomed

At School

- Do not walk with your hands in your pockets.
- Close the zipper of your jacket.
- Wear your name tag, red-and-white hat, and school hat.
- We will teach good behavior in class.

At Home

- Have your child use gloves if it is cold.
- Children do not wear coats in the classroom, so please consider what they are wearing after taking off their jackets.
- Make sure your belongings are labeled with your name.

月日	行事	月日	行事	月日	行事
1/9(火)	3rd semester opening ceremony All grds leave school at 11:00	19(金)	6 grd Field trip (Leave school at 14:30)	12(月)	Substitute holiday
		23(火)	All grds leave school at 14:45	15(木)	Field trip(Futaba Asunaro)

		11(日)	National holiday	29(木)	All grds leave school at 13:30

就学援助制度(学用品や給食費の援助)：成田市では、学用品費や給食費などの支払いが困難な児童生徒の保護者を対象に、援助を行っています。援助を希望される方は教育委員会学務課(20-2581)へお問い合わせください。

一斉にスタート！

11月28日（火）まきばマラソン大会

The Makiba Marathon was held on a relatively warm autumn day. Marathon is an exercise in which there is a clear difference between those who are good at it and those who are not, but each person has approached it with their own goals, such as time, distance, and not walking along the way. Many children were able to achieve their goals on this day.

落ち葉の中を走ります

税金は私たちの暮らしの役にたっています

一億円！ 私のものだったらいいのに...

12月5日（火）租税教室 6年

We held a "tax class" again this year. For sixth graders, taxes are something that they don't understand, but they did know about consumption tax. We were told how this tax will be used. The children understood that they are used for safety and security in their lives. I want them to become people who pay a lot of taxes in the future.

地震発生の場合で中央に集合します

5日（水）ミニ避難訓練

This time, the training is based on the assumption that an earthquake occurs during recess. During recess, children are either in the classroom or in the schoolyard. It is important to be able to evacuate even if teachers are not present. When an earthquake is announced, children who were playing gather in the schoolyard or the center of the classroom. Hold your head, keep your body small and wait for the shaking to stop.

頭を抱えて体を小さくします

6日（水）書初教室

On this day, we invited Mrs. Uchida, a calligrapher, to hold a calligraphy class. Each grade group gathered in the gymnasium and received instruction on how to write this year's letters. Mrs. Uchida writes beautiful characters that look very easy to write. When we try to write it, it doesn't go very well.

初めての3年生 真剣に聞いています

ポイントに注意しながら書いています。

動物園についたら雨が上がりました

12日（火）あすなろ・ふたば校外学習

This year, we went on a field trip to Ueno Zoo. Each class decided on a tour course. Perhaps because of the rain, there seemed to be a lot of animals that were not feeling well. But the polar bear is fine. I was jumping into the cold water. The food at the restaurant was also very satisfying. We had a fun day.

一人一人がきっぷを買います

We will resume teaching children to brush their teeth after school lunches, which we have not done for a long time as a preventive measure against infectious diseases. It might be difficult for children under 4th grade to get used to it because they have never experienced it before.
Things to bring: Toothbrush, gargling cup (We don't use toothpaste. Please don't bring it.)

恐れずに体全体を後ろに倒します！

17日（日）成田市青少年交流綱引き大会

The tug-of-war competition was normally held in February, but this year it was held in December. Training began in November, with youth counselors taking the lead. The challenge is that it is difficult to attract players. However, the children who took part did their best. Thank you for your encouragement.
