卒業おめでとうございます!!

A graduation ceremony was held on March 15th (Friday). This year, 57 children left the nest. 4th and 5th grade students and graduates participated on the day. The 4th and 5th grade students celebrated their graduation with their wonderful singing voices as representatives of the current students. They practiced for a long time and were able to show their best performance in the actual performance.

Influenza had been going around for the 6th graders the week before, and many of them were not feeling well. However, they were able to persevere and participate in a once-in-a-lifetime memorable day. It was a moving graduation ceremony as they remembered the many events of the past six years. We want them to do well in junior high school.

We received many words of support and gratitude from the children who watched the live broadcast.
