Half of the first semester has passed!

Two months have passed since school started, and the first semester is halfway over. During this time, there was no spread of infectious diseases, and we were able to continue our school life as scheduled.

In June, field trips and pool instruction, which the children are looking forward to, begin.

Please note the following in order to enter the pool:

- ① If a child requires treatment after a medical examination, the child will not be allowed to enter the pool unless the child receives treatment.
- ② Children who do not have a parent's signature on their pool card will not be allowed to enter the pool.
- ③ Children who have forgotten something will not be allowed to enter the pool. (Especially swimming caps)

The school will strictly enforce the rules.

**Life Goals
for June**

Use language appropriate to the time and place

At School

- Let students use polite language that considers other peoples' feelings.
- Let students be conscious of the way they speak to superiors.
- Make students aware of the difference between class time and break time.

At Home

- Have your child respond, when called.
- Teach your child important words for communication.
- Parents should also try to use polite language.

月日	行事	月日	行事	月日	行事
6/3(月)	Collection date	25(火)	4 grd Field trip	5(金)	All grades leave school at 14:40
5(水)	委員会活動	26(水)	クラブ	9(火)	Individual interview(until the 12th)
7(金)	2 grd Field trip	28(金)	Classroom visitation		All grds leave school at 13:05
	2 grd leave school at 15:45		Parent and child evacuation drill	15(月)	National holiday
11(火)	Pool open	29(土)	おやじの会②	16(火)	End of school lunch/大掃除
12(水)	5 grd Overnight Learning①	7/2(火)	4年落語教室		All grds leave school at 14:40
13(木)	5 grd Overnight Learning②	3(水)	委員会④	17(水)	First semester closing ceremony
	5 grd leave school at 16:40	4(木)	6 grd Field trip		All grds leave school at 11:00
21(金)	All grds leave school at 14:40		2 grd leave school at 15:30	18(木)	Summer holiday (until August 31)

Please check the calendar carefully before calling the school.

8日(水) 交通安全教室

The first graders were taught how to cross the sidewalk and crosswalk. The 5th graders were taught how to ride a bicycle. When riding a bicycle, it is important to wear a helmet and purchase bicycle insurance. Bicycle accidents can result in payments exceeding 10,000,000 yen. Please take out bicycle insurance.

How to cross the crosswalk

How to ride a bicycle

Message of thanks

15日(水) 二部会陸上大会

The children who participated as athletes did their best to aim for first place. Many children set new personal bests. Children who participated in the long jump and high jump won prizes. In the 5th grade girls' relay, they achieved an excellent result of 2nd place overall.

The teacher's excellent performance

22日(水) リコーダー講習会

When children reach third grade, they perform using recorders for the first time during music time. On this day, a recorder teacher came to the school and taught the children the basics of playing. We hope the children will practice a lot and be able to play like the teacher!

I want to play well

120 times per minute

How to use an AED

23日(木) 心肺蘇生法研修会

Teachers conducted cardiopulmonary resuscitation training in conjunction with the start of pool instruction. Nowadays, cardiac massage is given priority over artificial respiration. During cardiac massage, the patient's rib bones are pushed in as much as 5 cm, which requires a lot of courage.

Build a barricade and hide

24日(金) 避難訓練

We conducted an evacuation drill assuming that a suspicious person had entered the school. In the event of a fire or earthquake, children leave their classrooms and take shelter in the schoolyard, but this time they barricaded themselves in the classroom and hid.

Apprehending the suspicious person

The students did not need to use umbrellas.

Many planes take off

29日(水) 市内巡り

The third graders went on a tour of the city as part of their social studies class. Students will learn that within Narita city there is Shinshoji Temple, Narita Airport, an industrial complex, residential areas, areas with many shops, and areas with many rice fields and farms. The students got on a bus and went to see what it was like in person. Everyone took a tablet with them and took pictures as they toured the exhibit.
