12 days left until summer vacation

The children are doing well. The weather has been good this year, and the pool has been running almost as scheduled. However, extreme heat is expected in July. We will do our best while being careful to avoid heatstroke.

Note: Please bring a water bottle to stay hydrated (please write your name on it!).

The county track and field meet was held on Tuesday, June 4th. The fifth grade girls' team won an excellent prize in the 400m relay. It's very difficult to make it to the finals in the county track and field meet. It's been more than 10 years since a Sanrizuka elementary school student made it to the finals. Congratulations!

Summer vacation is just 12 days away! In these 12 days, the school will summarize the first term. Please praise the children for what they were able to do and what they have become able to do in the first term. Next, clarify what they were not able to do and have them set goals for the second term.

Cherish your friends!

At school

- How to communicate smoothly with others.
- Attitude to accept different opinions and ideas.
- Attitude to recognize the goodness of friends.

Some children are unable to express their feelings in words and end up reaching out. We will guide them to calm down and reflect on their current feelings.

At home

- Instead of telling your child "no" or "noisy" explain why.
- Encourage your child to put their feelings into words.
- If your child can't express himself/herself well, ask, "Is this how you feel?"

5th grade girls relay team

郡陸上大会4日(火)

There are about 10,000 fifth graders in Inba County (half of them are girls). Only eight teams will qualify for the finals of this tournament. That's amazing. They are cheerful and happy people at school, but when it comes to the real thing, they turn into athletes.

Lunch under the Ferris wheel

2年生校外学習 7日(金)

The 2nd graders went to Kasai Rinkai Park. First we rode the Ferris wheel. The highest point is 117m. Some of the children were scared because of the height. After lunch, the children went to the aquarium. They were amazed by the large tanks and the unusually shaped fish.

Huge aquarium!

5年生宿泊学習 12・13日

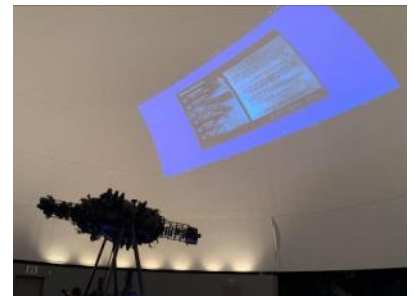

The 5th graders went on an overnight study trip to the Omigawa Youth Nature Center. It was the first time for many of the children to stay away from home. The children had many experiences that they could not have at school, such as walking rallies, campfires, and canoeing.

I can't control it!

A huge campfire.

The brothers wait together in the classroom.

授業参観・引渡し訓練 28日(金)

We held a class observation session. Many parents were able to attend. After that, we conducted handover training. If a disaster occurs, it is possible that communication will be lost and there will be heavy traffic jams of vehicles coming to pick up people.

It's not a good habit for children to go out alone and have fun with a large amount of money. This can lead to problems such as borrowing, lending, and theft. In addition, while schools provide instruction on how to use smartphones safely, they cannot solve any problems caused by smartphones. We recommend you contact the police. Please be fully aware that parents who allow their children to have money and smartphones bear a large responsibility.

As summer vacation approaches

Children's lives will be centered around the home. Please provide ample guidance at home on the following points regarding your children's daily lives.

- ① How to use public places... We have received complaints from local residents.
 - ・ Do not play ball games or other activities that may cause a nuisance to neighboring households.
 - ・ Do not leave food or drink rubbish lying around.
- ② Borrowing and lending money... It seems that friends treat each other at convenience stores, etc.
 - ・ Children are prohibited from lending or borrowing money from each other.
 - ・ Treating children to snacks or being treated to snacks is prohibited.
- ③ How to use smartphones... Smartphone problems cannot be solved at school.
 - ・ Do not post on social media for fun.
 - ・ Do not post content that slanders others.
