The second semester begins!!

It's still very hot. So it's good we that will hold Sports Day in October. Even in the second semester, we still have to worry about heat stroke. If there is an alert or it looks like an alert will be issued, we will not be playing outside. Please make sure your children are careful when playing after school.

This summer vacation was all about the Paris Olympics. We cheered late into the night (and early in the morning) and was moved by the fact that so many Japanese athletes won medals. But even if they don't win a medal, it's wonderful to be able to participate in the Olympics. It takes a lot of effort to become a representative of Japan. We would like to thank each and every athlete who inspired us. Thank you! You did a great job! We hope that children will realize from watching these athletes the importance of having dreams and working hard towards them.

Jake-sensei participated in the Olympics.

Life Goals
for September

Let's live a regular life

We will do our best to help children quickly return to the rhythm of school life from summer vacation life.

At School

- Make the morning after school go smoothly.
- Regain learning discipline and rhythm during class.
- We will try to make home study a habit.
- Observe the deadline for submissions.

At Home

- Stabilize your daily rhythm by going to bed early and getting up early for breakfast.
- Let your child do 10 minutes of home study for each grade.
- Parents should also check their children's belongings and submissions.
