Don't give up, believe in yourself and keep going!!

We held our sports day on the 12th (Sat). We were blessed with good weather the day before, so we were able to hold the event without any worries, from preparation to cleaning up afterwards. The event was a great success, with many parents and local residents attending. Thank you for coming. It rained a lot during practice, which meant the children were not able to practice satisfactorily. However, when it came to the actual performance, the children had no worries at all and were able to perform better than they had in practice.

Since the event was held in October, there was little concern about heatstroke. We hope to hold another sports day next year that satisfies both the children and their parents.
