Congratulations on your graduation!!

A graduation ceremony was held on March 18th . This year, 67 children left the nest.

4th and 5th grade students and graduates participated on the day. The 4th and 5th grade students celebrated their graduation with their wonderful singing voices as representatives of the current students. They practiced for a long time and were able to show their best performance in the actual performance.

At school, there were many cases of infectious gastroenteritis, and many children were not feeling well. However, the sixth graders were able to participate in this once-in-a-lifetime memorable day by getting in shape and doing their best. It was a touching graduation ceremony with tears as they remembered many events over the past six years. I hope that they will set goals and do well in junior high school.

We received many words of support and gratitude from the children who watched the live broadcast.
